A conversation with God { a new beginning }

Stephen had heard the gospel before, but it wasn't until one afternoon this Fall when he was walking to baseball practice, struggling with his relationship with his girlfriend, that he finally **invited Christ into His life!**

Stephen had been thinking a lot about God & **he now understood that he needed Christ, realizing that he couldn't do life on his own.**

taking a step of faith { initiating }

Jeremy & Scott were playing pick up games of soccer at the Rec center & noticed that Stephen was wearing a t-shirt from Jeremy's high school & **struck up a conversation.** They found out he was a brand new Christian & **asked him if he wanted to meet up so they could hear more.**

growing with God { meeting weekly }

Since meeting Stephen at the Rec, **they've been meeting weekly to help him learn how to walk with God.**

And as he's growing in his faith Stephen is getting a huge heart for reaching out to his fellow teammates on his varsity baseball team at Miami to tell them about the Jesus he knows!

"Ever since you helped me understand a simple definition of grace I've been seeking opportunities to display grace to my teammates so that they might come to know Christ and the grace He wants to extend to them." - *Stephen*

Grace: an undeserved gift

Students leading students to Christ

{ Monica & Stephanie }

Scott & some other staff members met Monica at Miami University Hamilton. She was on fire for Jesus but didn't know how to clearly communicate the Gospel to her friends.

So they began teaching her how to more strategically reach out to her friends & how to communicate about Jesus clearly.

Since Monica has been learning how to share her faith, **for weeks she was sharing the Gospel with her friend, Stephanie.** One day during an outreach week at Hamilton, **Monica shared the gospel *again* with Stephanie, but this day Stephanie decided to give her life to Christ!**

{ Andrew in Fiji }

A change of desire { Andrew }

Andrew is a senior RA who is in Scott's Bible study. He's been a believer for quite some time, but has been stuck in his faith & not really walking with God till this year.

There has been incredible transformation over the course of the year, as he's truly surrendered his life to Christ.

"The word I'd use to describe God's work in my life is 'desire' -- God has been changing all my desires!" - Andrew

Andrew has gone from...

... living in isolation... to learning how God could transform him through Biblical community.

... being a shy, quiet & timid guy... to being confident in who he is in Christ.

{ He now leads a Bible study in his dorm. He also shared the Gospel through his testimony with every guy in his corridor. People talk about how they physically see a difference in the way Andrew carries himself as a new creation in Christ }

... going through the motions... to desiring a relationship with God

... seeing his faith as a check list of "to do's"... to now he's actually living his faith & walking with Jesus.

... putting himself first... to giving of himself to God & others.

... being selfish with his money... to being super generous.

... being selfish with his time... to giving up the "typical spring break" to go on a Crusade mission trip to Fiji where he saw 12 Fijian students trust Christ!

... being selfish with his talents... to now wanting to serve the Lord as an accountant after he graduates to have a personal ministry there.

... living for himself... to living for God.

> Praise God for continuing to transform Andrew's life each day!
